

GEN SURFACE | NATURAL STONE | PORCELAIN

PRODUCT CATALOGUE

Your one-stop stone supplier, trusted by professionals.

In every detail of the home, material matters. It shapes how a space looks, feels, performs, and endures. At Lavistone, this understanding guides everything we do. We are committed to advancing the possibilities of stone - not only in durability and sustainability, but in how beauty and function come together in surfaces designed for everyday living.

Lavistone is a premium stone supplier in Australia, offering a comprehensive and carefully curated selection of over 200 stone options. Our range includes Gen Surface, Porcelain, and Natural Stone, designed to meet the diverse needs of both residential and commercial projects.

With four strategically located distribution hubs and showrooms nationwide, Lavistone delivers convenience, reliability, and expert support at every step. We continue to expand sustainably, growing our reach while maintaining the quality and service our clients expect.

Trusted by developers, builders, architects, and designers alike, we are your one-stop partner for stone materials.

Experience the Lavistone difference.

where material excellence meets thoughtful service
and a passion for stone design.

A Passion for Stone, A Focus on You

At Lavistone, we're more than a stone supplier - we're a team driven by design, craftsmanship, and the pursuit of excellence in surface materials. From developing innovative man-made ranges to hand-selecting natural stones from around the globe, every piece in our collection is chosen with purpose.

We believe the right material sets the tone for everything that follows. That's why we focus on the best version of every look - curating timeless icons, bold statements, and versatile foundations across Gen Surface, Porcelain, and Natural Stone.

High level of
chemical resistance

High level of scratch
and chip resistance

Resistant to mould,
mildew and fungus

Non-porous
surface

Hygienic and suitable
for contact with food

High performance on
stain resistance

0%

CRYSTALLINE SILICA-FREE

Gen Surface contains less than 0.1% or no crystalline silica, ensuring a safer, healthier option.

MADE OF OVER 85% OF THE RECYCLED MATERIALS

Our products are crafted using an advanced, sustainable approach with over 85% of the raw materials being recycled. These materials undergo a sophisticated filtration process to achieve the optimal blend.

TESTED IN AUSTRALIA

Gen Surface is rigorously tested by a local NATA-accredited laboratory, confirming it contains less than 0.1% or no crystalline silica, SDS is available.

LARGE FORMAT SLABS

Gen Surface slabs measure 3200mm x 1600mm x 20mm.

LAVISTONE 10-YEAR WARRANTY

Gen Surface is backed by a 10-Year Warranty from Lavistone, offering long-term peace of mind. Visit www.lavistone.com.au/warranty/ for details and to register.

APPLICATIONS OF
GEN SURFACE

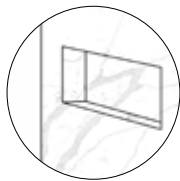

In Australia, choosing the right stone has always been pivotal when designing or renovating interior spaces. Gen Surface is specifically designed for interior applications, with the sketch above showcasing typical uses of Gen Surface within an Australian household.

Ultra Print

Our latest step forward in surface innovation.

This new innovation brings together the enduring strength of Gen Surface with the refined, natural look of stone - made possible through advanced digital imaging and print technology. Developed through years of research, precise colour toning, and production refinement, Ultra Print redefines what a stone surface can be.

Using ultra-high-resolution scans of natural stone, each design is captured digitally in exceptional clarity - preserving every vein, variation, and tonal shift. These details are then digitally refined for colour accuracy, depth, and tone. At the core of our custom production line is advanced inkjet technology, where large-scale stone visuals (measuring 3200mm x 1600mm) are printed with exacting detail. This process is fully automated to align precisely with the format and finish of Gen Surface.

Ultra Print is a seamless blend of nature-inspired design and engineered performance - delivering new levels of realism, refined consistency, and durability.

Discover LSU401 Taj Classico featuring the latest Ultra Print innovation.

PORCELAIN

Truly a material to be lived
with, loved, and trusted in every
corner of your home.

In every considered space, the materials you
choose shape how it feels to live there.

The Lavistone Porcelain collection is engineered
for durability, capturing the appeal of natural
stone - without the imperfections often found
in nature, and with a refined precision in every
detail. Each design in our curated range is
thoughtfully developed with all interiors in mind,
offering a sophisticated palette that speaks to
evolving styles and enduring taste.

FEATURES OF
LAVISTONE PORCELAIN

Natural beauty with practicality, built for daily life. Resistant to stains, heat, UV, and wear, and designed with versatility and long-term value in mind, porcelain allows you to extend the beauty of stone across every area of your home - both indoors and outdoors.

Hygienic and
suitable for contact with
food

Water resistant

Scratch and
abrasion resistant

Stain resistant

Chemicals, acids, bases,
and solvents resistant

Heat resistant

Frost resistant

Easy to clean

Lightweight

UV-resistant

Mould, mildew and
fungus resistant

Suitable for use indoors
and outdoors

VERSATILE IN APPLICATIONS

Porcelain offers the versatility to suit a wide range of indoor and outdoor applications.

LARGE FORMAT SLABS

Lavistone Porcelain slabs are available in 3200mm x 1600mm format, offering a seamless, expansive surface.

SLAB THICKNESS

Available in 12mm and/or 6mm to suit a range of applications.

LAVISTONE 10-YEAR WARRANTY

Lavistone Porcelain is backed by a 10-Year Warranty from Lavistone, offering long-term peace of mind. Visit www.lavistone.com.au/warranty/ for details and to register.

APPLICATIONS OF
LAVISTONE PORCELAIN

Endless Possibilities with Enduring Quality.

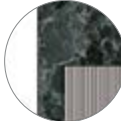

With highly durable properties and the authentic look of natural stone, Lavistone Porcelain embodies the perfect blend of design versatility and exceptional surface performance.

Available in 6mm and 12mm thicknesses, it accommodates a variety of applications, effortlessly transitioning from indoor to outdoor spaces, porcelain adapts to every design vision with ease.

An essential choice for those looking to create a cohesive, functional, and visually striking environments.

NATURAL STONE

From quarries across the
world to Lavistone Australia.

Shaped by the earth over millions of years, natural stone is the result of evolving minerals, pressure, and time.

Natural Stone is nature's creation, composed and compressed over centuries, brought into the present for modern life.

From soft, veined marbles to richly textured quartzites and enduring granites, every slab is thoughtfully selected for its unique character for movement, tone, and natural variation, and enduring strength. Natural stone ages with grace, and tells a story as it becomes part of your home. For those who value authenticity, each slab of natural stone is one-of-a-kind, there is no substitute.

Explore over 100+ distinct selections at www.lavistone.com.au/natural-stone/

TYPES OF
NATURAL STONE

MARBLE

Elegant and timeless, marble features natural veining and soft movement. Ideal for those who value individuality, each slab offers unique character and refined beauty.

QUARTZITE

Extremely strong and naturally dramatic, quartzite features bold veining and colour. A standout choice for busy areas.

DOLOMITE

Looks like marble but is stronger. Dolomite has clean veining and suits everyday spaces.

TRAVERTINE

Formed by mineral-rich waters, travertine has a textured surface with soft tonal variation.

LIMESTONE

Warm and organic, limestone showcases subtle tones and textures. A softer stone with earthy charm, perfect for achieving a natural, understated look.

GRANITE

Renowned for its strength and longevity, granite features dense mineral patterns and a wide range of natural colours - made to withstand life's demands.
